**DREAM TIME**  
The Canopy  
bed by TRACE,  
available at the  
new Gary Lee  
showroom in  
the Mart

Anyone who's ever admired a **Gary Lee** interiors project (hello, beautiful Sepia), will be thrilled to know that the revered Chicago designer is opening a new showroom in the Merchandise Mart this month, filled with furniture, artfully selected vintage pieces, case goods, lighting and art he deems worthy to accompany them. **Atelier Gary Lee** will feature hand-selected products and furnishings—a “best of the best” from his years in the biz—including collections from Gratz Archives, Quadrus Studio, 1019 Looms and one of our favorites, TRACE. Lana Bernberg and Basil Bouris of TRACE create sensuous, contemporary designs from magnificent trees, then accessorize each limited-edition piece with a Provenance Passport—a story of geography, history and culture that links the object to its origin. *222 Merchandise Mart Plaza, Ste. 1868, 312.644.4400, ateliergarylee.com* —Lily Hansen
